## CAPABILITIES STATEMENT

### Insurance and Risk Management

SCB Management Solutions, Inc., dba SCB Management Consulting (SCB) is a business strategy and implementation management consulting firm. We have been providing Insurance and Risk Management expertise for decades; originally as internal leaders now as an Outsourced Risk Managers and Risk Management Consultants (Prime or MBE Subcontractor). We have walked in our clients' shoes, having managed through some of the greatest catastrophes in modern history--9/11, 2008 Financial Crises, D&O and Managed Care Class Action Suits, and Cyber Attacks. In fact, we purchased one of the first Cyber Policies long before it was the norm and implemented a new Captive in just three months. That is the approach that we bring to each of our clients--thought leadership combined with proactive solutions to help protect our clients.
